Gloucester City, N.J. 08030

Dear Sir:

This is to confirm your reception of WJMX-AM on 970kHz. WJMX broadcasts from a 500 foot tower in Florence. We operate with 5,000 watts during the day, and 3,000 watts directional at night. Between 6a - 9a, we have a live morning show. Otherwise, we are automated using Transtar Format 41 from Los Angeles. The station went on the air in 1947, and is owned and operated by Atlantic Broadcasting Company, Inc. We broadcast in stereo.

Enclosed is a bumper sticker from our FM station, and a shirt from our AM. Thank you for the report.

Sincerely,

Harold T. Miller
General Manager/VP
